CHARTER'S SUBMISSION IS DELAYED

Supervisors Hold Up Certification of Vote for Week

ACT DECEMBER 1

Qualification Board Setup Attacked as Unconstitutional

Final efforts to block ratification of the new San Mateo County Charter, which broke before the board of supervisors in special session here Wednesday, were based on a declaration that the document does not set up any legal means of providing for the appointment of the chief executive.

The provision of the charter which calls upon the presiding judge of the superior court to name two judges to form the nucleus of the qualification board which first will pass on the county executive's abilities, is the point at which the final thrust is being made.

Attorneys W. H. Morrissey and David Cosgrave, counsel for Jack C. Griffin, local real estate broker, who is seeking to prevent the charter going to the legislature, cited a section of the state constitution which will, they declare, bar the presiding judge from acting.

Section 18, Article VI, forbids judges from doing other than a judicial duty.

The attorneys hold that the proposed services of the judges on the qualification board are "administrative" and not "judicial."

If the judges are barred from acting, the qualification board cannot be assembled; no chief executive can be appointed, and the county would be unable to carry on its administrative affairs, all of which, "would bring endless confusion and irreparable consequences," the complaint sets forth.

By preventing the charter from going to the legislature for ratification, the county would continue to operate under general laws, it is stated.

District Attorney Edmund Scott, called before the board, said the attack is premature and out of order.

The time to act, he said, would be when the judges sought to carry out their duties under the charter.

This will not be until July, 1933, when the charter becomes effective.

The board of supervisors set the matter for a hearing on Thursday, December 1.

Meanwhile, Morrissey and Cosgrave ask three orders of the superior court:

(1). An order directing the board to show cause why it should not be restrained and enjoined from declaring that the charter was approved by the voters of the county, and from causing the charter to be certified to by the legislature or the secretary of state;

(2). A further order declaring that the provisions of the charter as to the method of appointing the county executive are invalid and void;

(3). A third order declaring the charter wholly inoperative and invalid, and for a writ of mandate directing the board to omit submitting the charter to the legislature in the event the court finds such a course to be proper.

The attack on the charter is made in the face of a nearly two to one favorable vote. The canvass gives the figures as: Yes, 16,730; no, 8,689.

Local Bank's Yule Checks $11,680

Redwood City people are richer this week by the sum of $11,680.00, the amount that the First National Bank and San Mateo County Bank is distributing to its Christmas Club depositors, it was disclosed yesterday by E. T. Harrison, vice-president of the local institution.

The club closed this week, and the checks are now being drawn and mailed so that club members will receive them in time for gift purchasing and year-end tax payments.

The entire amount goes to local people, and it is expected that practically all of it will be spent locally. The bank has had stamped across the face of the checks words to the effect, "Buy Christmas gifts in local stores," to remind people to buy locally in preference to purchasing away from home. This is in line with advertisements that the bank has published in which it was pointed out that benefits would come to everyone in this community if people made every effort to keep money at home by patronizing local merchants.

Cashing of the Christmas Club checks during the first part of December is expected to stimulate early Christmas buying. Club accounts represent the accumulations of small weekly deposits of people who look forward to this time of year when they will need extra money for Christmas shopping and for the settlement of tax bills and other accounts.

"The bank's Christmas Club for 1933 is now open for membership," stated Vice-President Harrison, "and all one needs to join is to write his name on a signature card and make the first weekly deposit. This may be any amount from 25 cents to five dollars. Club deposits earn the same interest that is paid on savings accounts."

Husband Accuses Wife of Bigamy

Double bigamy accusations were made Monday by Walter Ahr, 40, painter, of 1410 Golden Gate avenue, San Francisco, against his wife, Edith, in a complaint prepared before Deputy District Attorney Harold Anderson and scheduled to be sworn to before Justice Ellis C. Johnson in Daly City.

Ahr, who married Edith Sawitzke, a widow, in Reno on December 12, 1929, says she failed to get a divorce from him before she married John Evans in San Francisco on November 27, 1930. She married Evans under the name of Julia Segreh, Ahr declares.

The husband had her arrested for bigamy, but the charges were dismissed in San Francisco on her promise to have the marriage annulled, Ahr says.

Under the name of Edyth Traver, Ahr charges she married Charles W. Counsil in Daly City on April 24, this year. Her immediate whereabouts are not known, Ahr told Deputy Anderson.

Mrs. Ahr-Evans-Counsil is 25.

Gov't Wants Tangible Progress in Shape Of Port District

Pointing to the need of utilizing the 30-acre publicly-owned waterfront at Redwood Harbor so that a start may be made toward establishing a public wharf, the Citizens' Harbor Development Committee late Tuesday completed the presentation of its case to Lieut-Col. H. A. Finch for a change in the plans for locating the proposed turning basin.

Lieutenant-Colonel Finch, district engineer of the War Department, with offices in San Francisco, has recommended dredging the channel at Redwood Harbor to a depth of 27 feet and a width of 200 feet from deep water on San Francisco bay, and placing the turning basin at the confluence of Redwood creek and West Point slough.

But the citizens' committee, while agreeing that his plan for locating the turning basin is the better of the two, asks that he revise his recommendations and move the turning basin several hundred feet upstream so that ships can touch the presently-owned public lands.

This, the committee states, would forestall the need of acquiring additional waterfront lands and reclaiming the same at considerable expense.

During the hearing, Lieutenant-Colonel Finch learned that the harbor project is no longer one of Redwood City interest alone, but that since the hearing held by him here on September 1, 1931, has taken on a definite county-wide scope.

Supporting this statement, Elmore B. Hinman, who presented the case for a change in the plans, introduced spokesmen representing other sections of San Mateo county.

Among those who spoke were Supervisor Thomas L. Hickey of South San Francisco; Mayor C. A. Buck of Burlingame; R. Guy Smith of Moss Beach and Percy Shaw of South San Francisco, and others.

George J. Presley, executive vice-president and general manager of the San Francisco Chamber of Commerce, spoke heartily in favor of the proposed San Mateo county port.

"In no way is it competitive, but auxiliary to San Francisco," he said. "It is needed and will serve a useful purpose."

James Colton, vice-president of the Pacific Portland Cement Company, informed Lieutenant-Colonel Finch of the delays occasionally met by steamers in not being able to get out of Redwood Harbor after loading because of the need of waiting on the tides.

E. H. Harms, assistant operations manager of the McCormick Steamship Company, reported that his firm has had to forego certain shipping business in Redwood City because of the depth limitations.

On occasions, he said, boats are sent in a full day ahead of load-

Federal Agent Ends Inspection Of Proposed Post Office Sites

The United States Government must strike a close bargain in picking a site for the new Redwood City postoffice.

This was the information brought here late Tuesday by George G. Rolfe, site agent for the Treasury Department and an inspector for the Post Office Department, who met with property owners and sent them away with a warning that prices averaged double what the government had expected to pay.

Sites were not discussed.

The skimping, Rolfe explained, was due to a 10 per cent slash in the city's appropriation, cutting the $115,000 originally slated to $103,500.

A piece of land worth about $10,350 is what the government expects to get, Rolfe said, but in reply to a question, stated a site costing as high as $20,000 would "get consideration."

Rolfe's report will be on the way to Washington by Monday night if he finds a desirable site, he said, and a decision as to where the postoffice will be located will be forthcoming in from 30 to 45 days, he said.

Another 30 to 45 days will then be needed for drawing the plans to fit the lot, and for adapting the correct style of architecture to the new building to harmonize with existing properties.

Invites Individual Views

Rolfe asked that individuals write to the Treasury Department saying just what type of architecture was desired.

He also invited individual views on where the postoffice should be located, and what price the land perhaps is worth. He discouraged the petition-type support for any site, saying individual views carry much more weight.

"Ask your property owners to come down," Rolfe advised the realty agents present. "The Treasury Department is not going to pay $45,000 for any site in Redwood City."

Cabins Robbed; Man Held in Jail

A suspect was held in the county jail Monday following two cabin entries on the Skyline boulevard over the week-end, Sheriff James J. McGrath reported.

F. J. Gardner, 22, San Francisco laborer, was booked at the county jail at 1:25 o'clock in the morning by Deputy Sheriff Leland Quinlan, who is reported to have found in the man's possession a suitcase containing miscellaneous articles.

Cabins broken into by someone over the week-end included the Benny and Von Hausen summer places on the Skyline boulevard near the Kings Mountain road.

A window was forced open at the Benny cabin with a small bar or screw driver, and a clock, quilts, foodstuffs and string of beads were taken.

Two wool and two cotton blankets, a woman's black coat, and a woman's sweater were taken from the Von Hausen cabin.

Deputys John T. Simpkins and Thomas Maloney investigated.

Arrest of 11 "John Does" for violating the sanitary ordinances of the Bayshore Sanitary District was ordered in a complaint drawn up by District Attorney Edmund Scott Monday and to be issued by Justice of the Peace Edward Farrell in South San Francisco this afternoon.

County Has Only One Scofflaw for Rolph to Pardon

One Wright act violator is all that San Mateo county can contribute toward the 1,000 rum law prisoners who hold hopes of Christmas pardons from Governor Rolph under the repeal of the enforcement act.

Jerry Burke, 36, of the Alameda de las Pulgas, is that prisoner.

Burke was booked at the county jail to serve a 100-day sentence on October 3. He has two more months to serve.

This information has been forwarded to Governor Rolph by District Attorney Edmund Scott.

Whether Burke will win his freedom depends on his individual case, Governor Rolph stating that each pardon will be decided on its own merits.

BOURN GIVES KILLARNEY SITE TO IRISH AS PARK

William B. Bourn, prominent and wealthy resident of the western foothills, and former president of the Spring Valley Water Company, was revealed today as the donor of the lakes of Killarney and the famed ancient Muckross estate as a national park to the Irish Free State.

A dispatch from Belfast, North Ireland, yesterday gave the name of the donor as Bowers, which is Bourn's middle name.

The vast estate of some 16,000 acres, containing the notable ruins of Muckross Abbey, which was destroyed by Cromwell's soldiers, has been preserved for posterity by Mr. Bourn in memory of his daughter, Maude Bourn Vincent, late wife of Arthur Rose Vincent, now a senator in the Irish Free State government.

The estate is in County Terry, near the town of Killarney, several hundred miles southwest from Dublin.

The lakes of Killarney are about one and one-half miles from the town, and are surrounded by mountains.

Between the lower lake and the middle or Torc lake (680 acres in extent) stands the Muckross Abbey, built by the Franciscans about 1440. The lakes and the ruins are famous in song and history of Ireland.

Mr. Bourn's daughter lived for many years at the ancestral home of her husband, Senator Vincent, which is near the legendary Muckross Abbey. She died in Ireland three years ago.

The residence of the Vincents was in a comparatively modern structure, Muckross House, built in 1743.

Mr. Bourn acquired the famous estate from Lord Ardilaun in 1905, and the Vincents have made it their home place much of the time since.

The donor lives with Mrs. Bourn on a beautiful 800-acre Canada road estate in the western foothills, known as "Fioli," which adjoins some of the remaining holdings of the Spring Valley Water Company.

As president of Spring Valley, Mr. Bourn figured prominently in the financial and social life of his native San Francisco.

3 PROJECTS TO RECEIVE MONEY AID

Pending a decision as to whether the board of supervisors can immediately provide for a unified road system as written into the accepted San Mateo county charter, three supervisors Monday voted themselves $35,000 from the special road improvement fund.

This was interpreted by Dr. C. V. Thompson, Burlingame, as a final attempt by the board members to get road fund shares before the unified system can be put into effect.

Dr. Thompson revealed that he had asked District Attorney Edmund Scott to prepare a resolution providing for a unified road system under the county surveyor's direction, but that the question of legality was raised.

Scott was to write to the San Diego county district attorney to inquire what happened in a similar case there. Meanwhile, the board voted out $35,000 from the fund, leaving a balance of but $40,000 for the next seven months.

Where Money Will Go

The money will be used on the following three projects:

$10,000 to improve the Pescadero creek road from Pescadero to the San Mateo county park, in the 4th district;

$10,000 to pay for the material to be used on improving the Alameda de las Pulgas from Avy avenue to Walsh road, in the 3d district.

$15,000 to widen and straighten the Sawyer camp road, in 2d district.

Other Road Work

The Coastside Civic Union asked the board to widen the Coast highway from Miramar north, which was referred by the board to the county relief bonds project committee for consideration.

Supervisor Hickey asked the board to consider the widening of the Colma-Half Moon Bay road from the new Junipero Serra boulevard to the Skyline, and the widening and straightening of turns on the Pescadero road from Memorial Park to Jackson's ranch.

Both were referred to the county surveyor and the relief project committee.

New Work Listed

The board will meet Monday with the citizens' committee to study the projects so far undertaken and to consider others.

The citizens' committee today submitted a list of half a dozen projects in Northern San Mateo county which will give work to about 150 men for the same number of days.

Peters declares he leased the ranch to Francas on November 9, 1931, and was to be given one half the profits from butter, milk and cheese, one-half of the increase of cattle, that the latter was to give good care to the milk cows, and was to keep the fences and buildings in repair.

These things, Peters declares, Francas failed to do.

Clarke & Larrecou represent the plaintiff.

DEBT CONFERENCES

President Hoover and President-elect Roosevelt are meeting in Washington to discuss the European debt problem. Just what Hoover will decide upon or how far Roosevelt will commit himself seems rather vague at present but one outstanding thing must be forced upon them and that is that if they by any means postpone or cancel any part of what the European nations owe their Uncle Sam that amount will be piled on top of the heavy taxes we are paying already and the American taxpayer has all the burden he can bear at the present time.

Both men made promises during the campaign and the public have the right to expect them to stand on those promises now.

One solution might clear the air. If any nation in Europe would agree to it, though, we would be much surprised.

It is that the nation should make a clean breast of the matter and confess its inability to pay now or at any future time. Then Uncle Sam could agree to cancel the debt with the proviso, made law and part of the United States Constitution, that never at any time could that nation float any loan in the United States or borrow any money, either public or private.

Few nations would sign such a death warrant.

WINE WILL AID PROSPERITY

Seventeen men are meeting in Chicago, called together by the United States Chamber of Commerce to try to find some means, legislative or otherwise, to increase farm prices.

Both business and agriculture is represented. They will talk a lot but it appears doubtful if they will succeed in anything. Boosting farm product prices by artificial means has been tried and found wanting. Only by putting the populace back in industry and creating a market will have any lasting or good effect.

Here in California the permitting of light wines and beer will do much to relieve the stringency. Already barley prices reflect the possibility of demand, and in the grape-growing communities men are already at work putting the wineries in condition to fill the demand when the word is passed.

If the public want wine and beer the sooner they get it the better for anything that will put men to work will do more to stabilize the prices of farm as well as all other products than any group of men in a hotel room in Chicago can possible attempt.

Menlo Park

There is a sentiment in town that wine and beer may be sold at Christmas or shortly thereafter This is a mistaken idea owning to the fact that many students frequented the local saloons here long before the Volstead act was adopted. Professor Jordan went to Sacramento, where the legislature was in session and had a law passed making it a penal offense to sell liquor within 1½ miles of any university in the state. Even though the Eighteenth amendment is repealed liquor cannot be sold in Menlo Park until this law is eliminated from the statutes.

The large crop of Toyon berries this year augers well for a heavy rain this season. A big crop of berries was a sign to the Indian that there would be plenty of rain. Another omen was the abundance of acorns. There are oodles of acorns. If signs count for anything A heavy rain fall will take place this year.

A big chain concern is looking to lease the O'Keefe corner. It is one of the best in town and it is likely to be leased by this large concern.

The Church of the Nativity is being painted by Professor Maloney who is an expert with the brush. The ancient building has not been painted for many years.

It is believed the large bevy of quail in this community has been eliminated. The season opened some time ago and may be the birds were shot. It was rumored some time since that they were trapped by foreigners.

Attorney James Davis, the local lawyer, is said to be slated for deputy United States attorney for San Francisco. Mr. Davis did splendid work for the party in San Mateo county and he certainly is entitled to recognition. Besides he is a brilliant attorney.

Father Burke is shortly to leave on a vacation. For some time he has been ill and must take a long rest. Father Burke is one of the best beloved priests in the diocese. He is a graduate of Saint Patrick's Seminary.

The board of supervisors has signified its intention of allowing the sum of $4,500 to the unemployment committee to be spent on some enterprise in town where a number of men will be employed. Mayor Weeden and the committee will distribute the patronage. Every deserving man will be taken care of.

SAN CARLOS HEARS FIRST EURYDICE CLUB CONCERT WITH APPROBATION

Community Club to Enjoy Performance by Green Players Tomorrow

SAN CARLOS, Nov. 21.—Sixteen penisula singers made their first public appearance Friday evening, presenting a program of varied numbers at the civic auditorium.

The debut was a complete success. The newly-organized body of musical folk, feeling the need for extended musical programs in San Carlos many months ago organized the Eurydice Choral Club under the direction of Mrs. Helen Hucke, noted voice artist of Portland and the peninsula.

The choral selections included, "Indian Dawn," "Voice of the Woods," "Going Home," "The Alphabet," "The Elephant and the Chimpanzee," "The Wind at Night," "June Rhapsody." The selection, "Market Day," portraying a real market scene was well executed. Mrs. K. Snyder, Mrs. H. W. Treichel and Mrs. Miles Potter sang the solo numbers. Mrs. Potter, as the "Beggar Boy" was especially clever, and was well applauded for the fashion in which she displayed touches of humor and sympathy.

Harp Solos

Miss Virginia Klassen, harpist of note, rendered several pleasing harp numbers; Miss Virginia Elvidge, offered two splendid 'cello numbers. She was accompanied by Miss Phyllis Maguire.

The Mylin Royal Duo, presented a most attractive dance number, "Interpretation of the Waltz." Miss Mary Elizabeth Davis accompanied at the piano.

Mrs. Helen Hucke, mezza-soprano, sang three numbers, including "To the Sun," "Love Has Eyes," and "Life." Mrs. Hucke is a person of charming personality. The flexibility and ease with which she sang and the quality and beauty of her voice, brought the singer on the stage for the fourth rendition.

Just how a few confidential words started out to be only an insignificant thing and wound up to be treacherous gossip was portrayed in a snappy dialogue 'How the Story Grew."

Mrs. H. W. Treichel and Miss Davis, as accompanists added their part to the success of the program.

Those who sang in the chorus are Mesdames A. A. Atkeson, Louis Cassaretto, Hiram B. Cook, S. E. Day, George Dunn, Pearl Edington, John B. Hoxie, Andrew Johnson, Sterling Price, Miles Potter, Craig Roberts, D. L. Stewart, K. Snyder, H. W. Treichel, B. A. Leese, H. Reed, R. E. Mossman, and G. H. Mullen.

Mrs. C. H. Stovesand of Antioch, mother of Mrs. Henry F. Wrigley of Cherry street, will spend the Thanksgiving holidays at her daughter's home.

Chief of Police Edward J. Wheeler, in his thoughtfulness for unfortunates that come through the city, has often aided them, with a hot meal, the money coming from the chief's own pocket. Any profits that the club will derive from the program will be turned over to the chief so that he can keep up his humantarian work, according to Hugh C. Riley, president of the club.

Prizes offered by the order to those bringing in new members are being put on display tonight at the regular meeting of the lodge in Foresters' Hall, at 8 o'clock, according to Dictator Merton F. Hughes.

Unemployed persons will be allowed a special concession in selling the cards, and are requested to see the secretary in person.

Peninsula Bridge Is Feature Subject

The Ripley feature appearing in a San Francisco newspaper on Sunday contained a "believe it or not" that the San Mateo-Hayward bridge was built out of oyster shells.

Cement used on construction of the bridge was made in the Portland cement plant here from shells dredged from the bay.

The feature was submitted seven months ago by Roscoe D. Wyatt, manager of the county chamber of commerce. It was circulated to 5,000,000 readers by one chain; to 250 dailies, and to 20 foreign dailies, Wyatt is informed.

IT COSTS LESS TO KEEP THEM WELL
when your home is heated with Natural Gas

Women used to dread rainy days! When the weather kept the children indoors they were bound to become restless, playing about the house first in warm rooms then in cold. It was too much to expect of a busy mother to keep up a furnace-fire that gave whole-house warmth. But that was before Controlled Gas heating was available.

Today there is no excuse for part of the house being cold and part of it warm. Today there is no need either for bothersome fire-tending. Controlled Heat by Natural Gas is a truly carefree system of househeating that assures even "Comfort Zone" warmth in every room, regardless of the weather. Clean, quick-acting heat flows from Natural Gas heating equipment at a finger's touch on an electric button, key or automatic thermostat.

Once Controlled Heat was labelled with a high-cost price tag. Only the wealthy could afford it. Today, the low cost of Natural Gas heating equipment makes Controlled Heat available to thousands who have always wanted it but thought they could not afford it. Investigate this modern Natural Gas heating equipment at your local dealer's store or at the P. G. and E. Do it today—right now.

CONTROLLED HEAT
With gas fuel you can have maximum heat instantly available and keep it regulated to any temperature desired. Controlled heat from gas heating equipment is possible by merely turning a valve or handle, by pressing a button to get high, low or medium heat, or by setting an electric thermostat to automatically maintain any desired temperature.

Yule Decorations For City Planned By Retail Group

Under the direction of George McQueen, general chairman, plans have been practically completed for the annual community Christmas activities sponsored by the retail division of the chamber of commerce.

After long and careful consideration of many plans for street decorations, the committee finally unanimously approved a new plan which, it is believed, will be attractive. Broadway and Main street will be decorated with Yuletide banners and pennants strung across the street from the intersection of Middlefield road and Main street to Broadway and Brewster avenue. The banners and pennants are being purchased, and will serve for three or more years. It is believed by the committee that this plan will not only be attractive, but, in the long run, will be more economical.

In addition to the banners and pennants, small Christmas trees will line the curbs, and there will be the usual large Christmas tree on the court house lawn.

The big annual Christmas party will take place the evening of Thursday, December 1. Santa Claus will distribute 2,000 boxes of candy to the children. Plans have been completed with the assistance of the police to handle the distribution with less confusion than in the past. The Boy Scouts will assist the police and the committee in handling this part of the program.

Those assisting actively in plans for the Christmas event include the following from the retail division of the chamber of commerce: George McQueen, general chairman; W. D. Ryan, chairman of the detail division; Charles Douglas, Milton R. Hinds, J. E. Morrish, Sam Winklebleck, Charles Nelson, Clarence Choate, A. J. Bechet, A. H. Davies, and Howard I. Wood, secretary.

NEGRO CHORUS TO BE HEARD AT STANFORD CONCERT NEXT WEEK

Hall Johnson Singers, of 'Green Pastures' Fame Booked for Tuesday

The next attraction of the 1932-1933 Stanford University Concert Series—Hall Johnson Negro Chorus—is being given at the Stanford Pavilion on Tuesday evening, November 29, at 8:20 p. m.

This chorus of Negro singers, composed usually of nine men and seven women, is the one which created such a stir in New York in 1930 by its vivid and colorful singing in "Green Pastures," Pulitzer prize production. Such a discriminating musician as Walter Damrosch lauded the group for "fine precision, beautiful tone quality, and above all...deep inner emotion which fairly sweeps the listeners along." Critics hailed them as giving for the first time in a generation the true Negro music.

Southern-Born

The members of the chorus are southern-born Negroes who have been raised in the country of plantation melodies and spirituals, where people sing as they work.

Hall Johnson, leader of this chorus, is a fine musician and an excellent conductor, and received the 1930 Harmon award for distinguished contribution to music.

Tickets for this performance may be obtained at Keeble's in Palo Alto, or at the concert office in the Old Union on the Stanford campus, P. O. Box 1151, for $1, $1.50 or $2.

The club house was appropriately decorated in blue and gold and red and white in honor of Stanford and the University of California. Serpentine and confetti in the same colors added to the gaiety.

Supervision of Playground Is Offered Free

Council to Confer With School Head On Proposal

An opportunity for Redwood City to get playground supervision three days a week for the next six months free of charge was laid before the city council Monday night by George A. Merriill, former councilman and mayor.

As director of the Wilmerding School of Industrial Arts and Lux Technical Institute, of San Francisco, Mr. Merrill offered the city the services of Miss Gladys Wikoff, of this city, who is taking the course in recreational supervision. The course requires practical training, and Miss Wikoff is willing to pass her "interneship," as Mr. Merrill called it, here.

Three schools have been considered for the supervised play period, namely, McKinley, Central and Lincoln. The Central School is preferred because it is in the more congested section of the city, and children who live in that area are being forced into play in the streets.

Councilman Paul McCarthy helped present the proposal, and offered a motion that the services of Miss Wikoff be accepted.

Councilman Charles Lambert asked, however, where the school department comes in on the plan, and suggested that the council confer with Superintendent John Gill before any decision is made.

Councilman Henry Beeger also raised the question of liability of the city in the event of accidents to children while at play. The city, he advised, should be safeguarded against lawsuits.

After a half hour discussion of the subject, the council postponed acceptance of the offer pending a conference with Superintendent Gill at the next meeting.

Miss Wikoff is the daughter of Special Deputy Clarence Wikoff.

3 State Officers In Bed With 'Flu'

San Mateo county's traffic patrol is crippled this week with three of its members down with the "flu." They are State Officers Lloyd Minehan, Chester Kreiss and William Francis.

R. A. Hewitt, another officer working out of the Redwood City bureau, has returned to the job after a brief influenza attack.

Congregational Altar Is Heaped High With Thanksgiving Supplies

Something of the spirit of early American Thanksgivings, when the harvest of field and farm seemed a very real evidence of the Creator's blessing, was reflected in the "Giving Thanksgiving" service at the First Congregational Church, held yesterday morning. Thanks to its unique features and unselfish purpose, which attracted a very good attendance and an exceptionally fine response, a number of families of the community, both those who gave and those who are to receive, will find an increased savour to their Thanksgiving dinner.

The novelty of solemnly paying one's way by an apple or an orange, the gold, reds and browns of the fall leaves and gourds with which the church had been decorated, the cheerful colors of the boxed and canned fruits and vegetables stacked around the altar, the processional of consecration, which filled every aisle and moved onward to the hymn, "Come, Ye Thankful People, Come"—all these made a picture long to be remembered by those who participated.

And certainly Charles Dickens, the creator of Tiny Tim and Little Nell, would have been particularly touched by the Sunday school's part, "for of such is the kingdom of Heaven." Every child from the tiniest toddler up to Wilbur Doxsee's high school class, who acted as marshals, carried his or her contribution to the altar.

The sermon by the Rev. Norman W. Pendleton was based on Peter's notable words, "Silver and gold have I none, but such as I have give I thee," and stressed the twofold happiness which comes from devoting one's talents on character or energies to the service of others.

Directed by Mrs. Roy A. Hohberger, the church choir rendered several numbers of which Dudley Buck's famous "Festival Te Deum" was particularly impressive.

The Sunday school's share in the service was under the charge of Herman J. Phillips, the superintendent. Mrs. George Heller and Miss Alice Crowe directed the very effective church decorations, and the entire affair was sponsored by a men's committee headed by John Gill.

Harmony Denied in Daly City Politics

Denying that any harmony had been reached between members of the Daly City Voters' League and the city administration at Daly City, John J. Fahey Jr. of Daly City, secretary of the league and son of Councilman John J. Fahey faced the grand jury Monday to press his charges that Mayor Smith and others were interested in municipal purchases.

Fahey did not complete his testimony by noon, and again appeared before the jury for the afternoon session.

The secretary said that the voters' league will not be satisfied until the administration at Daly City has been changed. He said that instead of peace, the breach has been widened.

Clock Clue Leads To Theft Admission

A bright red clock—just one of those small boudoir ornaments—ticked its long hand accusingly at Francis J. Gardner, 22, San Francisco automobile mechanic, Monday and brought a confession from him that he entered two cabins Friday night.

Sheriff James J. McGrath, and Deputies John T. Simpkin and Belton Rhodes, questioned Gardner at some length late yesterday, finally obtaining an admission to two cabin burglaries, McGrath reported.

The other cabin was entered at Saratoga, but the name of the party has not been learned as the burglary has not yet been discovered by the victims. Gardner said another man was with him on both "jobs."

Mrs. Etta Benney, who signed the complaint against Gardner, identified the red clock as one stolen from her cabin on the Skyline boulevard.

SPEED DEMON

MEMPHIS, Tenn.—A shining example for reckless drivers is J. D. (Pa) Brownlee, driver of the Memphis Police Department's patrol. He glances disapprovingly at hearses which roar by him, for his only accident in 21 years of driving occurred when a Negro drove a hearse into the patrol wagon. "Pa" drives at the breackneck speed of 10 to 25 miles an hour.

THE SHOPPING TOUR OF
Rambhai Barni

Her name is Rambhai Barni, and her husband is the only absolute monarch left in the world. She has more jewels than the sky has stars, and nothing is unattainable to her if money will buy it.

But even Rambhai Barni can't find in Siam all the luxuries that her feminine heart delights in. And when she came to the United States last spring she had the pleasure of a real American shopping trip . . . from which she returned with seventy-eight pairs of American silk stockings and fifty-five pairs of American kid gloves.

How much more fortunate the American woman is! She doesn't have to buy a year's supply of stockings . . . or of anything else . . . all at once. She buys only as she needs or wishes, confident that the best the entire world can produce is offered for her choice today, tomorrow, or next month.

And advertising is her buying guide. Through advertising she learns what is new, smart, fashionable. Through advertising she discovers where her money can be spent most advantageously. Advertising is a real and useful influence in her life. THERE'S SOMETHING IN ADVERTISEMENTS TODAY TO INTEREST YOU. READ THEM.

Tevis in New Record At S. F. Horse Show

Barbara Worth, Sacramento horsewoman, who participates yearly in the San Mateo County National Horse Show, broke the woman's record, riding 16 horses a distance of 140 miles in 8 hours, 57 minutes, 3 seconds.

HARBOR

(Continued from Page One)

ing times in order to get into their berths on the high tide.

The steamship company, which handles most of the cargo of the cement plant, indorsed the proposed harbor improvements in a letter to Lieutenant-Colonel Finch.

Local speakers included Howard wood City Chamber of Commerce; City Manager Ernest Rolison, City Engineer Charles Dimmitt, County Surveyor James S. James, Mayor William J. Dusel and Carl Stoner, I. Wood, manager of the Redchairman of the harbor committee.

Lieutenant-Colonel Finch was particularly interested in knowing when promises as to local developements of the harbor would be carried out.

He asked what tangible evidence could be forwarded to Washington that the promises would be kept.

The local committee replied that it believed that a port district would be formed at the next county election, which would be in August, 1934.

This date, it is believed, will play an important part in Finch's report, as it would be used as a gauge in determining when funds will be needed on the project.

The War Department engineer again pointed out to the committee that the preponderance of local benefit will make necessary a 50-50 cost between the county and the federal government.

Hinman, in presenting his report, said the half million dollars proposed as San Mateo county's share of the project would be less than 1 per cent of the assessed valuation of the county.

It was generally agreed that a bond issue would be met with favor by the people of the county because of a fast realization that the load cannot be taken off the housetops except by industrial developments, and that the salvation rests with harbor development on the peninsula.

Lieutenant-Colonel Finch advised that steps be taken at the earliest moment by formation of the district to show the peninsula's faith in the project.

He stated he would give the "best attention to the evidence presented" in favor of the proposal to relocate the turning basin.

Oil Firm Moves For New Trial

Intention to move for a new trial was signified today by the General Petroleum Corporation on the award of $4,129 by Superior Judge Franklin Swart to Ben T. Williams, proprietor of the Ideal Auto Camp, Five Points, November 11.

The sum was given for commissions assertedly due Williams.

The oil company holds the evidence insufficient to warrant the judgment, that errors in law occurred, and the damages are excessive.

***people opened new accounts with* BANK of AMERICA**
Since March 1932

Here is an outstanding example of statewide teamwork on the part of alert, thinking people—a response to Bank of America's appeal to put spare dollars to work for all California.

The vast sum of money deposited by our new customers has played an important part in financing California industries and also various community projects.

Open a back-to-good-times account in this or any other time-tested bank.

The total number of people opening new accounts in Bank of America since March, 1932, would populate a city considerably larger than San Diego—fourth city of California.
